VOWS AMONGST THE VINES

Presented by: **Calamus**
ESTATE WINERY

The name **Calamus** comes from the Latin word for *arrow*. While preparing the land for our vineyards, we uncovered fragments of **chert**, a type of rock once used by First Nations peoples to craft arrows, tools, and implements. These ancient remnants not only connect us to the history of the land but also inspired both our name and our logo, honoring the stories rooted in this soil. The Calamus archer is fondly called Calvin - "**Cal**" for Calamus and "**vin**" for wine, and referred by our couples as "**Cupid**"
